G. S. COX RETURNS TO LOCAL CHARGE

CONFERENCE LEAVES POPULAR M. E. PASTOR IN MARYVILLE

DISTRICT SUPT. CHANGED

Rev. W. F. Burris to St. Joseph—Succeeded by Rev. E. B. Thompson, Recently of Hamilton

Dr. Gilbert S. Cox, for the last seven years pastor of the Methodist Episcopal church of Maryville, will occupy the local pulpit for the coming year, according to the list of conference appointments announced yesterday at the closing session of the one hundred and second annual Missouri conference. Doctor Cox enjoys great popularity in Maryville and the members of his congregation recently voted unanimously to ask his return to the work here.

Dr. W. F. Burris, for the last year superintendent of the Maryville district, has been transferred to head the St. Joseph district. Doctor Burris will take the place of Dr. Arthur H. DeLong, who will take a year's leave of absence because of ill health. In the course of the conference here Doctor Burris was also named one of the three ministerial delegates to the general conference of the church at Des Moines, Iowa, next May.

The new Maryville superintendent will be the Rev. E. B. Thompson, who was pastor at Hamilton, Mo., for the past year. He will take up his duties in Maryville soon.

Rev. C. J. English was returned as superintendent of the Brookfield district; Rev. F. C. Fay to the Kirksville district; and Rev. Ben F. Jones to the Cameron district.

Rev. Ernest Snider, who has been pastor of the Methodist church at Burlington Junction, will in all probability remain at that place instead of being sent to Hamilton, as announced by Bishop W. A. Quayle at the conference yesterday.

CHRISTIAN CHURCH SESSION THURSDAY

PROGRAM ISSUED FOR ANNUAL COUNTY CONVENTION

MEET WEST OF BARNARD

Delegates to Gather at Bethany Church—Basket Dinner Planned—Outside Visitors Expected

The annual convention of the Christian churches of Nodaway county will meet for a one-day session at Bethany church, west of Barnard, next Thursday, September 25. W. H. Rust of Burlington Junction is president of the convention, and O. G. Null of Pickering is secretary. A basket dinner is included in the arrangements for the day's entertainment, and it is expected that all of the Christian churches in the county will be represented.

According to Rev. R. E. Snodgrass of the Maryville church, it is hoped that a large representation will go from here, as well as from all the Christian churches of the county. The meeting is open to all, including the lay members and plans of interest to every church in the county will be discussed.

For the local church, a transportation committee has been appointed, consisting of U. S. Wright, chairman; G. B. Roseberry, J. E. Moffitt and O. W. Swinford. It is asked that all desiring to go get in touch with these men. Those having automobiles are urged to list them with the committee, so that all may be provided for on the proposed trip to Bethany church.

Dr. C. M. Chilton of St. Joseph will deliver the convention sermon. Other visitors from outside the county will be B. L. Wray of Camden Point and Granville Snell of Mound City.

The program follows:

10:00 a. m.—Devotions, led by W. H. Rust, Burlington Junction, county president.
10:15—Bible School Session—G. B. Roseberry, Maryville.
10:50—C. W. B. M. Session—Mrs. C. R. Harmon, Pickering.
11:30—Convention Sermon—C. M. Chilton, St. Joseph.
12:00—Basket Dinner.
1:30 p. m.—Educational Session—B. L. Wray, Camden Point.
2:15—"The Every Member Conquers"—C. R. Moore, Burlington Junction.
2:45—"The County and District Budget"—Granville Snell, Mound City.
3:30—Reports of Churches.
4:10—Business Session.

ATTENDANCE LAW EFFECTIVE: ONLY 20 LISTED THIS WEEK

Parents Anxious to Comply With Requirements, According to Superintendent—One School Vacant

The new school attendance law is certainly proving effective, according to Bert Cooper, county superintendent of schools. Only about twenty names were on the list turned over by Mr. Cooper today to Ed Wallace, county attendance officer. This small list includes absentees reported for last week in the city and country both.

Every day parents are coming in to see Mr. Cooper about their children. The enforcement of the law is not proving difficult; there is little opposition shown. As soon as the attention of the parents is called to the absences, they set out at once to obey the law as best they know. Several boys at work in Maryville have been taken from their work and put back in school on the advice of Mr. Cooper. No arrests have been made, and as long as the readiness to comply is apparent there will be no arrests.

Mr. Wallace is still busy straightening out the tangle in Maryville's list of last week, when about 275 absentees were reported. Most of these have been satisfactorily explained.

According to Mr. Cooper, the school situation in Nodaway county is about as good as can be expected. The only school that is not running is the Hazel Grove school near Conception Junction. No teacher has been employed there yet, but it is likely that one will be at work soon, as there are several applicants. If no teacher is hired, the school will be called officially closed and the students distributed among other districts.

Mr. and Mrs. J. R. Brink returned this morning from Chicago, where they have been visiting for two weeks with their daughter, Mrs. Harold H. Bellows, and family.

ORGANIZATION EXPECTED HERE FOR A ROOSEVELT MEMORIAL

Fred Hull Chairman for the County—Collections October 20-27—W. C. Pierce on Executive Committee

Arthur M. Hyde, state chairman of the Roosevelt Memorial Fund, has appointed Fred Hull of Maryville a chairman of the association for Nodaway county. Mr. Hull will attend a meeting of the county chairmen to be held in Kansas City Thursday.

October 20-27 has been set aside as the week for contributing to the memorial fund. The organization is entirely nonpartisan. Mr. Hull will call a meeting soon and form a county organization. Every township in the county will be represented.

W. C. Pierce of Maryville is a member of the executive committee of the state association from this congressional district.

SOUTH METHODISTS TO HOLD CONSERVATION MEETING HERE

Representatives of County Will Talk Over Centenary Plans at Local Church Next Thursday

A Centenary conservation group meeting for the South Methodist churches in Nodaway county will be held Thursday afternoon at 2 o'clock at the South M. E. church in this city. The meeting will be attended by the pastors, campaign directors, Centenary treasurers, minute men, Sunday school superintendents, Epworth League presidents and presidents of Women's Foreign Missionary Societies of the six South Methodist churches in this county.

Dr. C. C. Grimes of Mexico, Mo., the Conference Missionary secretary, and Dr. H. D. Thompson, the president of the district, will be in attendance at this meeting. This meeting is in the nature of a school of instruction for the Centenary plans for this year.

35TH DIVISION ARRANGES FOR ITS FIRST ANNUAL REUNION

Maryville and Nodaway county men former members of the Thirty-fifth Division, will be interested to learn that, according to the Kirksville Daily Express, Col. J. E. Rieger, a member of the Missouri executive committee of the 35th Division, has received word of the first annual reunion and dinner of the 35th at the Hotel Jefferson in St. Louis on September 26. An invitation is extended to all former officers and enlisted men of the 35th to be present at the reunion. The dinner will cost \$3 per plate and those expecting to attend are requested to send to the hotel management for tickets and reservations.

The date of the reunion is significant, as it was on September 26, 1918 that the 35th's advance in the Argonne was started. In other words, September 26 is the division's "jumping off" day.

It is probable that the annual meeting will be held one year in Missouri and one in Kansas, or possibly Kansas City will be chosen as the half-way point.

SPECIAL MUSIC AT FUNERAL OF CHESTER BENNETT HERE

Funeral services for Chester Bennett were held yesterday afternoon at the First Methodist church, conducted by the pastor, Dr. Gilbert S. Cox, in the presence of a large concourse of relatives and friends.

Mrs. Fred Robinson sang a solo, "One Sweetly Solemn Thought," and two selections were given by a quartette composed of the Rev. Mr. Cox, Miss Jennie Garrett, Miss Cora Gehr, and L. B. Tracy. Out of town relatives attending the services were Mr. and Mrs. Lester Bennett and sons, Donald and Robert, of the Dalles, Ore., Mr. and Mrs. Clifford Dougan and little daughter of Boleok, Mrs. Raymond Houghtaling of St. Joseph, and Mrs. Anna Bennett. HINDENBURG LINE IS BUILT IN THE BLOCKADE OF FIUME

Paris, Sept. 22.—Italian troops sent to conduct a blockade of Fiume have constructed a Hindenburg line seven and a half miles long around the city, supported by block houses, machine gun nests, and wire entanglements, according to a Journal dispatch today. D'Annunzio, according to another dispatch, was holding the Italian troops in Fiume to block the allied bombardment.

Rome, Sept. 22.—President Wilson's silence upon new proposals for the settlement of the Fiume controversy and his delay in taking any attitude upon them are regarded here as ominous. It is stated in government circles here that Wilson's approval will probably solve the question.

STRIKE IN STEEL BREAKS QUIETLY

BIG MILLS OPERATE WITH REDUCED WORKING FORCES

FIGURES HARD TO OBTAIN

Approximately 25 Per Cent of Men Out in Pittsburgh District—Others Affected More

Pittsburg, Sept. 22.—The big steel strike broke quietly over the United States today from the Rockies to the Alleghenies. The big mills forming the nation's greatest industry continued operation with crippled forces, turning according to localities and the degree of organization the American Federation of Labor has succeeded in affecting. The area covered is so vast a territory and the scope of the strike is so gigantic that definite figures of its success or failure are practically impossible to obtain. In the Pittsburgh district, the cockpit of the great national struggle, early reports say approximately twenty-five per cent of the employees as a whole refused to go to work this morning. Both sides expressed optimism and declared they believe the ultimate show down will be favorable to them.

William Foster, secretary of the steel strikers' national committee, asserted that 269,000 steel workers throughout the country are on strike today.

Cleveland, Sept. 22.—The steel strike in the Cleveland district at an early hour this morning assumed considerable proportions. Work ceased at three plants, and reports indicated others might have to close or continue operations with skeleton forces.

The union leaders estimated at noon today that 20,000 steel workers are out in this district.

Wheeling, Sept. 22.—The steel strike hit the Benwood and Wheeling districts hard today, practically all mills in these districts being closed. Twelve thousand are idle.

Chicago, Sept. 22.—Eighty per cent or upwards of the 100,000 steel workers in this district are out today. There is no disorder.

Pittsburgh, Sept. 22.—The first flurry of excitement in the steel strike here came this morning when two unidentified men fired eight shots into the Clairton steel plant at North Clairton. The men escaped and no one was injured.

Cleveland, Sept. 22.—The question of aid from the United Mine Workers of America to the striking steel workers will be left in the hands of the international union.

SPENT HUNDREDS SEEKING HEALTH

She Tried For Ten Years to Find Relief From Trouble—Tan-las Restores Health

"I just want to tell you that since I have taken Tan-las, I am better in health than I have been in ten years," said Mrs. George Hampton, of 118 N. Bellaire St., Kansas City, Mo., recently. "I suffered from stomach trouble and nervous indigestion," continued Mrs. Hampton, "and was all run down in health. Almost everything I ate seemed to sour and lie in a heavy lump in my stomach and I was also bothered a great deal with gas on my stomach. At times I was very dizzy and suffered a lot with headaches and terrible pains in the back of my neck and was so awfully nervous I could hardly get any rest at night and would often lie awake for hours at a time. Why, I even had nervous prostration at one time and was in such bad condition I had not been able to do my housework for years, and although for ten years I had been taking all kinds of medicines, I never was able to find anything that relieved me of my trouble."

"A friend of mine told me about Tan-las and how it had benefited her, so I got a bottle to try it and I was certainly pleased with the results I got almost from the very first, so I kept on taking Tan-las until now I actually feel like a different person altogether. I can eat anything I want now without being afraid of having trouble with my stomach afterwards and I have already gained several pounds in weight. My complexion is good once more and my nerves are perfectly normal again and I can sleep just like a child at night and get up in the morning feeling rested and not all tired and worn out like I used to. I have spent hundreds of dollars for medicine and treatments, but Tan-las has done me more good than anything else I ever took and my improvement is so plain that even the neighbors notice it, but it's no wonder they do, because before I took Tan-las I could hardly get about, but now I have lots of energy and can do all my own housework with ease. I have recommended Tan-las to a number of my friends and all of them are well pleased with it, just as I am."

"Tan-las is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Coster Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, in Arkoe by Rufus R. Smith, in Hopkins by Hopkins Drugs Co., and in Parnell by P. L. Hart."

Where Thrills Are Real and Reel

BY KATE SCHENCK

It will be a long while before "tenderfoot" goes into the westerner's canny. It is the indulgent term he uses to define two classes of outsiders—those persons whose world is the length and breadth of their own front yard; and those whose knowledge is obtained through a five-reel "fillum of thrilling western meller dramer."

During President Wilson's tour of the middle northwest he made a speech at one of the ranch country centers about two hundred miles from here, and a city reporter in his account of the speech-making wrote "the audience of two thousand hard-fisted ranchers listened with admiration and wrapt attention to the words of their president, and then went outside, talked it over, spit awhile and then said among themselves, 'I jes' low as how I reckon I'll vote as I got durn please.' All the reporter lacked was fundamental information. Five and a half sixths of the young farmers and ranchers of the west are graduates of the state agricultural schools of Missouri or Iowa, and their dads, whether graduates or not, possess the 'nth degree of brains, speak correct English and use week-day manners. But when those ranchers read the reporter's description of themselves they probably dismissed it with a charitable and whimsical-toned "he's a tenderfoot, all right." The western rancher certainly commands respect. He doesn't even drive a Ford. The roads do not have a familiar look at all out here. All one sees is Packards, Pierce-Arrows, Apperson 8s, twin-six Hudsons and Loziers.

Mail Delivered by Trucks.
The government mail stages by which mail and freight is delivered to the inland towns, are the huge to the inland towns, are the huge The farthest inland station out from Price is 125 miles, and the drivers make the trip there and return, 250 miles, in one day.

I feel almost as famous as Mary Pickford or Douglas Fairbanks. I have had my picture taken with Quinlan, the chief of the Utes. Early in the month Price had a rodeo, in Maryville vernacular, a wild west show, and about fifty Ute Indian bucks, with their squaws, papposes and war regalia, came down from the reservation a hundred miles north of here, to stage their part of the show. The ingress of intellect, since the days when an Indian's first delight was changing the ownership of scalps, has made a different Indian from the one artists love to portray. He realizes from a monetary standpoint the full value of himself in war-time trappings and plays the game for all it is worth. But if you meet one, particularly the younger ones, in ordinary walks and wearing the usual clothes of male citizenry, to which he is accustomed, and try the "heap much" line of conversation, he is very liable to answer with a surprised polite "I beg your pardon."

It Isn't What It Seems.
The greatest attraction at the rodeo was the bucking ponies and the buckaroos, for all the west loves a cowboy—the real cowboy like Ma Pettin-gill's crowd. He is such a colossal bluffer. He will exhibit a pony known by established precedent to shift gears from a low on all fours to a high front or hind with the quickness of a dancer changes her center of gravitation from right to left toe, and will then collect a hat full of money to ride the terrible terror. When the feat is over and the brute, still pawing viciously, is being held by two other cowboys, and the audience screams wildly and the rider waves his sombrero in recognition and the women grow cold with fear the vicious brute will yet bite the rider's head off, said rider has his hand behind his back feeding a lump of sugar to the terrible terror—his highly trained beloved pet.

Price is a big bubble of the melting pot. All of the 47 varieties are represented. FOR BURNING ECZEMA

Apply Zemo the Clean, Antiseptic Liquid—Easy to Use—Does Not Stain

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or \$1.00 for large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds, and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive, antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

The Desperado Is Gone.
Like other things which the magazine writers and movies still love to portray, the buck-skinned desperado who rode through the town shooting holes in everything but the sky, is gone. Most towns still have a famous ex-gun man about whom they can tell wonderful stories of his ability to comply with the old frontier code, "to ride in the middle of the street and shoot straight." Price has one and I heard this story to illustrate that as a most exemplary citizen he still had his old dexterity. Last winter during a bad storm, a piece of wire became imbedded in the heavy lee of a down town street and an end about a foot long protruded to the annoyance of pedestrians and horses. Two men were trying to dig out the troublesome piece when along rode "Old Matt." He saw the trouble, waited for the men to step aside, wheeled his horse around and with a pistol shot cut the wire at the exact edge of the ice and started off in about a tenth of the time I have taken to write the sentence. And true to the film product, the man who told me the story, one who had lived in Price for years and knew all local history, concluded his narrative by saying: "But if my family needed help or protection, I would rather leave them with Old Matt than anyone in Price."

County Names a Ship.
Last week at the movie house the pictures of the launching of the Uta-carbon were shown to a wildly enthusiastic crowd. The honor of naming this merchant vessel was given Carbon county in recognition of war achievements. Carbon county going ahead of any other county in Utah, and the name, a contraction of state and county, was his idea of a Price woman. The Junior Red Cross of Carbon county also won two of the ten prizes given by the state of Utah for the best work.

During the month of August the Price Red Cross canteen fed 3,520 soldiers. To serve them required 450 gallons of coffee; 5,392 sandwiches; 45 gallons of lemonade, 50 chocolate bars, 800 cantaloupes and 1,200 oranges. They were also given 17,630 cigars, 16,990 matches and 2,346 postal cards. Up to the present over 2,000 men have been fed during September, 1,200 of the 319th Engineers being given lunch on September 5. There are only fifteen members of the canteen and the 1,200 engineers were served on four hours notice. This week the chairman of the canteen received a letter signed by the commanding officers of each company of this regiment, that in its words of cordial appreciation hides the memory of the labor of preparing sandwiches, coffee and fruit for 1,200 tired, hungry soldiers.

NO CHEAP ARMY CARS. WAR DEPARTMENT SAYS

Again Denies It Has Bargains in Motors—Report Started by Officer Who Took Orders With Deposits

Washington, Sept. 22.—The war department, announcing today that it had transferred or sold 19,978 motor vehicles to other departments of the government, and had sold yesterday at Camp Holabird, Md., fifty-eight motor cars, five trucks and eight motor cycles for \$12,000, issued a statement hoping to end forever the oft recurrent rumor that it had hosts of cars waiting for the public at cheap prices.

"The selling of this equipment by official statement, 'is expected to put at rest finally the many-lived report of the sale of army trucks and Dodge cars at ridiculously cheap prices. This report had its origin in the operations of a certain self-styled officer, who took orders for vehicles, with deposits from trusting citizens desirous of getting something for almost nothing. The police cut short his career, but before the news of the wonderful generosity of the government had been well started on its journey through the country, since when no amount of denial, official or the motor transport corps," said an unofficial, has been able to check its progress."

Beware of Indiana "Hoppers."
Owensville, Ind., Sept. 22.—Grasshoppers ate the cloth covering of a feather pillow used to soften the seat of a hay rake while George Mitchell was eating his dinner. Jacob Taylor asserted the "hoppers are not averse to gnawing pitchfork handles and Ben Benson brought in town a young tree which had been stripped of leaves and bark by the insects. These are just samples of evidence that grasshoppers are devouring about everything in sight except men and animals in this vicinity.

Your Mental Picture of the Standard Oil Company (Indiana)

Is it a thoroughly lubricated machine, owned and controlled by one man, who is able to manipulate it as he sees fit with figure-heads to do his bidding by push button control?—

OR—

Is it an organization of men animated by ideals of service, human sympathies, and a far seeing understanding of conditions in a highly specialized branch of industry?

The Standard Oil Company (Indiana) is owned and controlled by 4649 stockholders, not one holding as much as 10 percent of the total stock.

It is managed by 7 men, who, individually, have won their way to the top by giving each day the kind of service which the public found it profitable to pay for.

The policy of the Company in its relation to the public is laid down by these 7 men, which is to render the individual consumer in the eleven states served by the Company the kind of service they demand and find it profitable to pay for.

It is the earnest desire of these 7 men, holding the trusteeship of management, to intensify the usefulness to the public of the Standard Oil Company (Indiana), and to broaden the scope of its service so that the Company may discharge its obligations as a public servant in a manner satisfactory to the stockholders and beneficial to the world at large.

MOVIE HERE TONIGHT BASED ON A FAMOUS ENGLISH PLAY

"Sporting Life," Maurice Tourneur's Production, Shows Phase of Life That May Never Appear Again

Showing a phase of English life that under the stress of war may never be seen again, "Sporting Life," Maurice Tourneur's splendid picture, a drama which seemed so heavily two decades or more ago, is one of the greatest motion picture spectacles produced in this country in many years. "Sporting Life" will be shown at the Empire Theatre tonight.

The scenario by Winthrop Kelley depicts from the original play mainly in the elaboration of detail. The general outline is not distributed, the plot concerning itself with Lord Woodstock's winning of the Derby with his mare Lady Love, and his stepping into the ring to take the place of an

"unknown" pugilist, whom he had backed heavily and who had been drugged through the agency of Olive de Carteret, the vamp, at the instigation of her husband, who is Lord Woodstock's deadly enemy. The story has to do with the attempt of de Carteret to ruin Lord Woodstock.

The romantic element is provided by the Earl, who is in love with the daughter of his chief trainer. Her sister loves Joe Lee, a prize fighter, not wisely but too well, and when she attempts suicide, her father, on learning the truth, becomes the willing tool of Mrs. de Carteret in doing Joe Lee just as he is to step into the ring Lord Woodstock takes his place and not only wins the fight but thousands of pounds as well.

The production is a notable one from every angle, while the support is exceptionally good. The principals in the cast are Ralph Graves, Warner Richmond, Charles Craig, Constance and Fair Binney and Willette Kershaw.
